

Person

```
classDiagram
    class Person
    class Student
    class StudierenderDozent
    Student --|> Person
    StudierenderDozent --|> Student
```

A UML class diagram illustrating inheritance. At the top is a dashed box labeled 'Person'. Below it is a solid box labeled 'Student', with an upward-pointing arrow from 'Student' to 'Person'. At the bottom is another solid box labeled 'StudierenderDozent', with an upward-pointing arrow from 'StudierenderDozent' to 'Student'.

Student

StudierenderDozent
